Dr. Palmore A Candidate.

Word has come from Joplin, where the third party prohibitionists are holding a State convention, that they will instruct their delegates to their National convention to vote for Rev. W. B. Palmore, D. D., as their candidate for President. Dr. Palmore, until recently, was chairman of the headquarters advisory committee of the tentative organization of the Missouri Anti-Saloon League. While the Anti-Saloon League is not an adjunct to any political party, but is strictly nonpartisan, and therefore by the very nature of the organization its officers cannot logically be candidates of any political party: yet since he is no longer an officer we can vouch for the statement that Dr. Palmore is opposed to the beverage liquor traffic.—Missouri Issue.

Louisiana voted on Local Option last Tuesday. Because the State League was exposing Ball as a heavy drinker and very unfit for governor of the State, with 77 dry counties out of 114, the Local League decided to leave the State League office and the Missouri Issue out of their campaign.

The church people and the local League worked valiantly, but to no avail. They secured personally the services of Judge J. H. D. Stevens, Dr. Palmore, and the negro, Curry, who because of his broken contracts with the State League is not employed by this office any more.

Our friends who thought Ball would help them out because of home pride got badly left. It does not pay to depend on whiskey men in politics to help in local option.—Missouri Issue.

This Institution is designed and constructed for the comfort and accommodation of patients who seek relief and recuperation and the recovery of lost health. Its location is admirable for this purpose. It is on the Iron Mountain Railway, 89 miles south of St. Louis, and 640 feet above that city. Nestled at the foot of Shepherd Mountain, embowered among majestic trees, just off the main street, and free from its noise and dust, and alongside, and connected with, the famed Emerson Park, with its shady walks and drives, Sylvan Lake and Grant Spring, and their attractive surroundings, no more beautiful or restful retreat for the invalid and convalescent, or the weary and careworn, can be found in all America.
